Subject: Security Camera Interactive Map (SCIM)

Hello all,

The Crime Strategies Unit is building a database and map of security cameras across the City. Our interns have spent the summer canvassing and mapping cameras in several neighborhoods; eventually, we will map the entire City. In the coming weeks, we will share this map with you to use in the investigation and prosecution of crime (please see screen shots below for examples). The map is interactive and will contain a photograph and address of the camera, field of view, retention period, and contact information.

We have also launched a web based form on the SFDA web site to collect camera information from private citizens. You are encouraged to share this link with the community. The more camera information we get, the more comprehensive our map.

If you know of any cameras through your cases, please register them via this form!

<http://www.sfdistrictattorney.org/index.aspx?page=414>

If you have any questions, please don't hesitate to reach out.

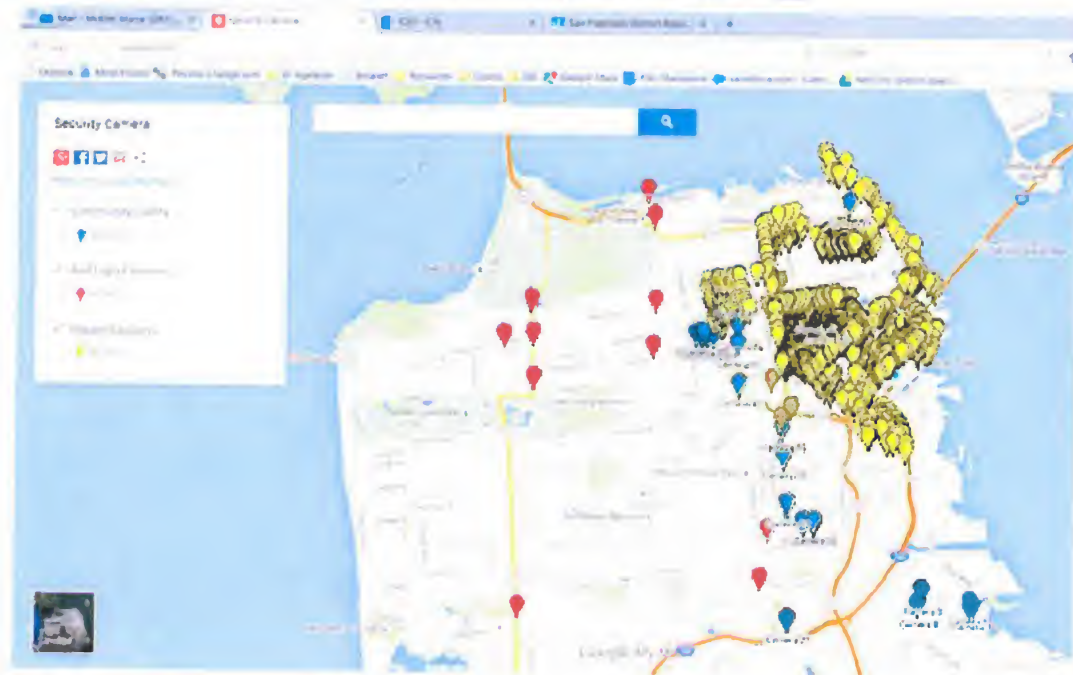

Thanks!

Frank

I have registered some on the site –do you want me to also send that info to you, or is the site enough?

PLEASE REGISTER YOUR CAMERAS !!

Questions?

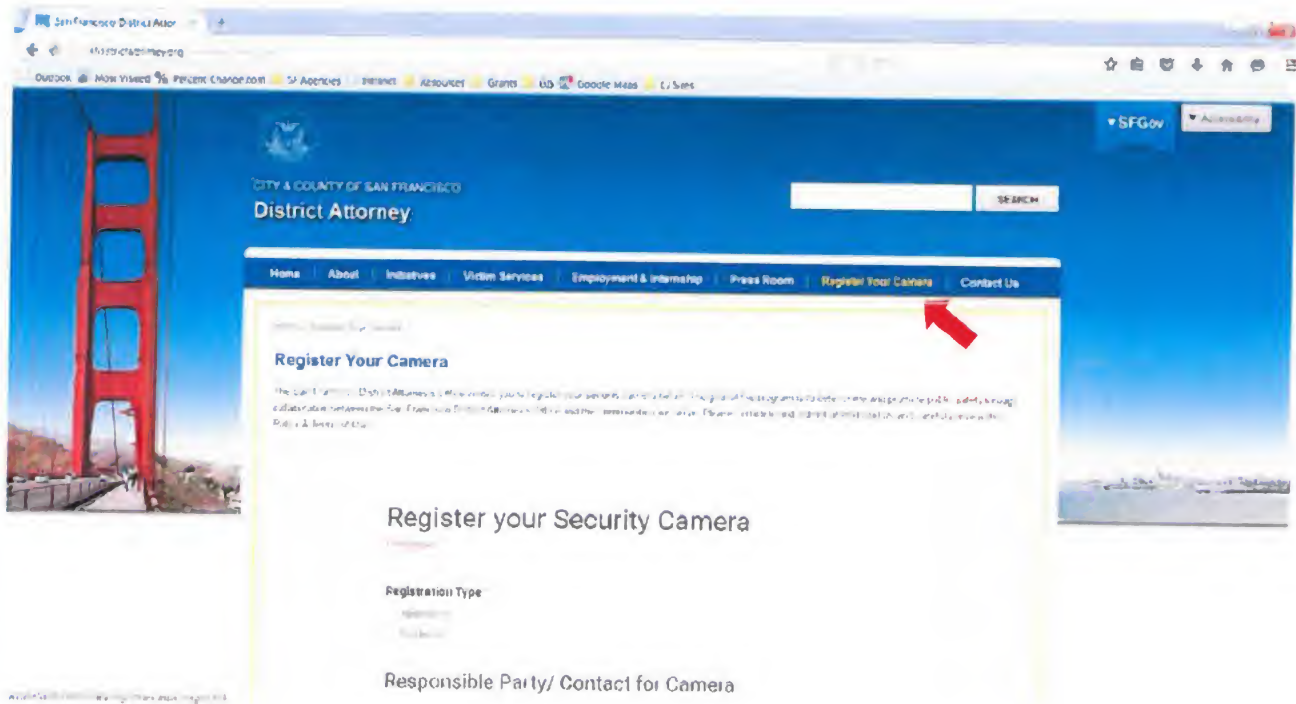

OFFICE OF DISTRICT ATTORNEY GEORGE GASCÓN
CITY AND COUNTY OF SAN FRANCISCO

REGISTER YOUR SECURITY CAMERA

The San Francisco District Attorney's Office invites you to register your security camera on our web site. The goal of the program is to deter crime and promote public safety through collaboration between the San Francisco District Attorney's Office and the communities we serve.

Please visit our web site, and click the link to **Register Your Camera**

<http://www.sfdistrictattorney.org>

Registration is voluntary and there is no cost associated with registration. Registering your information does not provide the District Attorney's Office with direct access to your camera. All information on the form will be kept confidential by the District Attorney's Office unless subject to disclosure by court order. Your information will be accessed by law enforcement personnel who are investigating criminal activity. You may be contacted by law enforcement to request a copy of any video captured by your camera, which may assist in a criminal investigation. Thank you for your assistance!

Yes, I think so. If the ADAs see the working progress of the map, they may be more inclined to help by entering in the camera info they've gathered through their cases.

Rather than viewing it as just a CSU project, this really is an Office Wide project led by CSU.

Per staff request to resend these links, please see attached.

Dear Colleagues,

The SFDA Security Camera Interactive Map (SCIM) is now live and accessible from the link below. This map includes the location of both private and public security cameras across the city.

This map is a work in progress, and the Crime Strategies Unit will continue to add specs and contact information, as well as new cameras.

Your contributions are welcome and will make the map more accurate and comprehensive! Please use the Security Camera Registration form to register cameras that you know about personally or from your cases:

<http://www.sfdistrictattorney.org/index.aspx?page=414>

Please note that this map contains private information and may not be shared with anyone outside of law enforcement. Please do not forward the map link.

If you have any questions, don't hesitate to reach out.

Thanks!

Subject: Re: Day 2 - Camera tracking

Hi,

This is updated with all the information we have right now. We will be able to fill in more spots when we plot the points on the Google map. Here is the link for the map: [REDACTED] I hope you're having a good day!
